

TRIVACO Product Line Card

VALVES

 <p>Lined valves: plug, ball, butterfly, diaphragm, safety, and control</p>	 <p>Stocking Distributor for ASCO products</p>	 <p>Resilient and high performance BFV's; 3-way, v-notch, process and trunnion ball valves</p>	 <p>Industrial air and gas regulators</p>	 <p>Direct acting, spring loaded & dome loaded pressure regulating valves</p>
 <p>Severe service knife gate valves</p>	 <p>Metal, polymer and resilient seated KGV's, slide gates and specialty valves</p>	 <p>Cast / steel gate and globe valves</p>	 <p>Ceramic ball valves and linear control valves</p>	 <p>Linear and rotary control valves, repair center</p>
 <p>Pressure/vacuum relief valves</p>	 <p>AWWA valves: gate, butterfly, plug, & check valves; rotating disc valves</p>	 <p>Piston valves, soft / metal seated floating & trunnion ball valves</p>	 <p>Spring operated safety valves</p>	 <p>Mosites butterfly valves</p>
 <p>Gate, globe and check valves</p>	 <p>Knife gate slurry valves</p>	 <p>Cast, forged, bronze gate, globe and check valves</p>	 <p>Overpressurization / vacuum tank valves; flame arrestors</p>	 <p>4-offset zero leakage butterfly valves</p>
 <p>Pinch and check valves</p>	 <p>Gate, globe, check, ball and plug valves</p>	 <p>Control valves, traps, flowmeters, boiler controls & steam items</p>	 <p>Custom fabricated valves, piping assemblies, and pressure vessels</p>	 <p>Air valves, check valves and quarter turn shut-off valves</p>
 <p>Zero leakage metal seated ball valves for high pressure</p>	 <p>Dual seated trunnion ball valves</p>			

TRIVACO | 2615 Arbor Tech Drive | Hebron, KY 41048 | 859 525 9890 | www.trivaco.com

TRIVACO – Fiberglass and Coating Systems Division
 8091 Production Drive
 Florence, KY 41042-3046
 T 859 525 9890

TRIVACO – TSE Division
 146 Bluffs Court
 Canton, GA 30114

ACTUATORS & ACCESSORIES

 <p>Pneumatic cylinder actuators and specialty automation</p>	 <p>Pneumatic, hydraulic and electric quarter turn actuators</p>	 <p>Rotary and multi-turn electric operators</p>	 <p>Pneumatic vane quarter turn actuators</p>
 <p>Leverless proximity switches</p>	 <p>Pneumatic rack and pinion; scotch yoke actuators; rotary electric operators</p>	 <p>Electric quarter turn and linear actuators</p>	 <p>Valve positioners</p>

EQUIPMENT & SPECIALTIES

 <p>Lined pipes</p>	 <p>Quality HVAC and custom engineered heat transfer</p>
 <p>Heating & control solutions</p>	 <p>Insulation, scaffolding, siding, refractory, electric heat trace and fireproofing</p>
 <p>Fiberglass grating and structures</p>	 <p>Heavy duty pumps for slurry transport and dredging</p>
 <p>Submersible heavy duty slurry pumps</p>	 <p>Emergency pipe and tank repair</p>
 <p>"Authorized" and "certified" Masonite valve & actuator repair center</p>	 <p>Pneumatic diaphragm pumps</p>
 <p>Fiberglass piping systems for chemical process and slurry applications</p>	 <p>Coatings to protect against abrasion, corrosion, and containment</p>
 <p>Custom replacement damper drives</p>	 <p>B31.3 certified fiberglass fabrication shop; turnkey & emergency FRP repair services</p>
 <p>In-house UL 508A and 698A certified panel shop</p>	 <p>NB approved VR shop (in-house and mobile in-line testing services)</p>

INSTRUMENT & CONTROLS DIVISION

 <p>Non-contact infrared temperature detectors and imagers</p>	 <p>Hydrogen systems</p>
 <p>Ultrasonic continuous level & level switches</p>	 <p>Fixed gas detection and flame monitoring for safety</p>
 <p>Flow, level, pressure, temp</p>	 <p>Temperature and pressure instrumentation, RTD's & TC's, and diaphragm seals</p>
 <p>Industrial moisture measurement and control</p>	 <p>Water quality for water treatment and power plants</p>
 <p>Mass flow of gas, air, natural gas & CO2</p>	 <p>Pressure / temperature switches and transmitters; RTD's & TC's</p>
 <p>Cloud based wireless vibration / temperature monitoring for equipment condition monitoring</p>	 <p>Stocking distributor for pressure / temperature – transmitters, volumetric / mass – flow meters, liquid / gas-analytics, DCS, data acquisitions, wireless I/O</p>
