

TRIVACO Product Line Card

VALVES

 Lined valves: plug, ball, butterfly, diaphragm, safety, and control	 Steam control valves, traps, condensate pumps, flow meters, humidification, domestic hot water, thermal studies	 Stocking Distributor for ASCO products	 Resilient and high performance BFV's; 3-way, v-notch, process and trunnion ball valves	 Engineered valves for the power & shipping industries
 Industrial air and gas regulators	 Direct acting, spring loaded & dome loaded pressure regulating valves	 Metal, polymer and resilient seated KGV's, slide gates and specialty valves	 Cast / steel gate and globe valves	 Ceramic ball valves and linear control valves
 Linear and rotary control valves, repair center	 Pressure/vacuum relief valves	 AWWA valves: gate, butterfly, plug, & check valves; rotating disc valves	 AWWA valves: gate, butterfly, plug, & check valves; rotating disc valves	 Piston valves, soft / metal seated floating & trunnion ball valves
 Spring operated safety valves	 Mosites butterfly valves	 Knife gate slurry valves	 Cast, forged, bronze gate, globe and check valves	 Overpressurization / vacuum tank valves; flame arrestors
 4-offset zero leakage butterfly valves	 Pinch and check valves	 Protection against overpressure	 Custom fabricated valves, piping assemblies, and pressure vessels	 Air valves, check valves and quarter turn shut-off valves
 Zero leakage metal seated ball valves for high pressure	 Knife gates, butterfly valve & control gates	 Dual seated trunnion ball valves		

TRIVACO | 2615 Arbor Tech Drive | Hebron, KY 41048 | 859 525 9890 | www.trivaco.com

TRIVACO – Fiberglass and Coating Systems Division
8091 Production Drive
Florence, KY 41042-3046
T 859.525.9890

TRIVACO – TSE Division
146 Bluffs Court
Canton, GA 30114
T 770.479.4700

TRIVACO – TSV Division
6833 Industry Drive
Indianapolis, IN 46219
T 317.356.2000

TRIVACO – TPA Division
8179 Dixie Highway Suite 200
Florence, KY 41042
T 859.525.3957

ACTUATORS & ACCESSORIES

 Pneumatic, hydraulic and electric quarter turn actuators	 Rotary and multi-turn electric operators	 Pneumatic vane quarter turn actuators	 Leverless proximity switches
 Pneumatic rack and pinion; scotch yoke actuators; rotary electric operators	 Electric quarter turn and linear actuators	 Valve positioners	

EQUIPMENT & SPECIALTIES

 Quality HVAC and custom engineered heat transfer	 Rupture Disc
 Insulation, scaffolding, siding, refractory, electric heat trace and fireproofing	 Fiberglass grating and structures
 Submersible heavy duty slurry pumps	 Emergency pipe and tank repair
 "Authorized" and "certified" Masoneilan valve & actuator repair center	 Pneumatic diaphragm pumps
 Fiberglass piping systems for chemical process and slurry applications	 Coatings to protect against abrasion, corrosion, and containment
 Custom replacement damper drives	 B31.3 certified fiberglass fabrication shop; turnkey & emergency FRP repair services
 In-house UL 508A and 698A certified panel shop	 NB approved VR shop (in-house and mobile in-line testing services)

INSTRUMENT & CONTROLS DIVISION

 Non-contact infrared temperature detectors and imagers	 Ultrasonic continuous level & level switches
 Fixed gas detection and flame monitoring for safety	 Flow, level, pressure, temp
 Clamp on flow meters	 Temperature and pressure instrumentation, RTD's & TC's, and diaphragm seals
 Water quality for water treatment and power plants	 Mass flow of gas, air, natural gas and CO2
 Pressure / temperature switches and transmitters; RTD's & TC's	 Advanced flow meters
 Stocking distributor for pressure / temperature - transmitters, volumetric / mass - flow meters, liquid / gas-analytics, data acquisitions, wireless I/O	 Distributed Control System (DCS)
 Gas odorization and sampling systems
